TRAVEL AND SUBSISTENCE PROVISIONS

FOR

LABORER (BUILDING CONSTRUCTION)

IN

SAN DIEGO COUNTY

MASTER LABOR AGREEMENT

between

**SOUTHERN CALIFORNIA
CONTRACTORS ASSOCIATION, INC.**

and

**THE SOUTHERN CALIFORNIA
DISTRICT COUNCIL OF LABORERS**

FOR

SAN DIEGO COUNTY

RECEIVED
Department of Industrial Relations

JUL 27 2000

Div. of Labor Statistics & Research
Chief's Office

2. The Contractor shall be solely responsible for implementation and maintenance of such safety laws, rules, regulations, standards, orders and decisions. Neither the Union nor any local Unions or District Councils are responsible for such implementation or maintenance.

B. Rest Periods

1. Employees shall be given a rest period of not less than six (6) hours between the termination of any overtime work, except for pre-shift overtime work up to a maximum of eight (8) hours, and the commencement of another straight time shift, unless performing emergency work which is not considered a normal job operation.

2. If employees do not receive the required six (6) hours' rest period, they shall be paid at the applicable overtime rate for each hour worked until they receive six (6) hours' rest off the job or project, regardless if a new workday starts or not.

C. Parking

In the event free parking facilities are not available within three hundred and fifty (350) yards of a jobsite, the individual Employer will provide such facilities and the individual Employer shall have the right to designate parking areas to be used. Where, because of congested parking conditions, it is necessary to use public facilities, the Employer shall reimburse the employee for the cost of such parking upon being presented with a receipt or voucher certifying to the cost thereof, such reimbursement to be made on a weekly basis or at the conclusion of the project, whichever occurs earlier. Designated parking areas shall be reasonably level and graded to drain.

D. Drinking Water

The Contractor shall furnish cool and potable drinking water in sufficient quantities for the needs of the employees and make available sanitary drinking cups and adequate toilet facilities in accordance with California State Law.

E. Jobsite Transportation

Whenever, because of remoteness of parking areas, hazardous road conditions or security restrictions, the Employer is required to furnish transportation for men within the jobsite to the place of their "work", this transportation shall be equipped with seats and handrails.

3. Where the Employer produces evidence in writing to the Union of bona fide job requirement for work that can only be done during night hours due to safety conditions or other requirements, in such case an employee shall work eight (8) consecutive hours exclusive of meal period for which he shall receive eight (8) hours straight time pay, Monday through Friday. All time worked or hours paid for, after eight (8) hours worked or paid for in any one day, or Saturday, Sunday and holidays shall be paid for at the appropriate overtime rate.

D. Tide Work Schedule:

The following provisions shall apply to employees on jobs working a single shift only:

1. When employees are called out to work broken time or tide work, Monday through Friday, the minimum pay for such work shall be eight (8) hours at the applicable, regular straight-time rate. Subject to the above minimum, in computing the time to be paid for under this provision, eight (8) hours or less worked between 7:00 a.m. and 5:00 p.m. shall be paid for at the applicable straight-time rate, and time in excess of eight (8) hours worked between 7:00 a.m. and 5:00 p.m., and any time worked before 7:00 a.m. or after 5:00 p.m. shall be paid for at the applicable overtime rate.

2. When employees are called out to work broken time or tide work on Saturdays, Sundays or holidays, the minimum pay for such work shall be eight (8) hours at the applicable overtime rate.

E. When it is mutually agreed that an emergency exists, such as earthquakes, floods or fire, the starting time for the shift may be made to fit the emergency and eight (8) hours in any twenty-four (24) hour period may be worked at the straight time rate. All other terms and conditions of this Agreement shall apply.

F. Employees shall travel to and from their daily initial reporting place on their own time and by means of their own transportation. The Contractor shall be responsible for payment of wages from the reporting point, as ordered by the Contractor, to the jobsite and from job to job and return. However, employees who voluntarily report to a point for free transportation to the jobsite will not be compensated from the time en route and return. For offshore work, employees will receive travel pay at straight-time rates from port of embarkation to jobsite and from jobsite to debarkation regardless of mode of transportation, which transportation shall be at the Contractor's expense. If no camp is furnished by the Contractor, such transportation shall be furnished daily.

G. Workmen referred under Article III to the Contractor's job who arrive in an unfit condition for work, without a written dispatch slip from the employment facility, without the proper documentation as set forth on INS I-9 Form, or who are not ready to go to work or who are not otherwise qualified in accordance with their written dispatch slip from the employment facility shall not be paid show-up time or subsistence. Grievances or disputes arising out of the interpretation or application of this particular paragraph shall be referred to the procedure for settlement of grievances and disputes.

H. Any time worked on Saturday, Sunday or holidays outside of the shift hours provided in the Agreement shall be paid for on the basis of the actual hours worked at the Laborers' overtime rate, except that any workmen or employees reporting for work at the stipulated time and for whom no work is provided shall receive pay for two (2) hours at the overtime rate; any workmen or employees who report for work and for whom work is provided shall receive not less than four (4) hours' pay at the overtime rate; and if an employee works more than four (4) hours, he shall be paid for the actual hours worked at the overtime rate.

I. 1. Any workman or employee reporting for work at the regular starting time and for whom no work is provided, shall receive pay for two (2) hours at the stipulated rate for so reporting, unless he has been notified before the end of his last preceding shift not to report; and any workman or employee who reports for work and for whom work is provided shall receive not less than four (4) hours' pay; and if more than four (4) hours are worked in any one day, he shall receive not less than a full day's pay therefor, unless prevented from working for reasons beyond the control of the Contractor, including, but not limited by, such factors as inclement weather, a breakdown causing discontinuance of a major unit of the project during which time workmen or employees are not required or requested to remain on the project by the Contractor or his agent. New employees on their first day of work shall be paid for their actual time worked.

2. On concrete coring and concrete sawing operations, only, any employee reporting for work and for whom no work is provided shall receive pay for two (2) hours at the stipulated rate for so reporting, unless he has been notified before the end of his last preceding shift not to report; and any workman or employee who reports for work and for whom work is provided shall receive not less than four (4) hours pay; and if more than four (4) hours are worked in any one (1) day, he shall receive not less than six (6) hours pay, and if more than six (6) hours work is provided, he shall receive not less than eight (8) hours pay.

J. When it is necessary to shut down a job or project because of a bomb threat, employees will be compensated as follows:

(a) If such an event occurs before the regular starting time, all workmen or employees who have not been notified not to appear for work and who show up at the jobsite shall receive two (2) hours' pay and subsistence at the applicable rate.

(b) In order to qualify for this two (2) hours' pay (and subsistence if applicable), the employee and/or workman must remain on the job available for work during the two (2) hour period of time for which he receives pay unless released sooner by the employer or his representative. Time spent in a holding area as directed by the Contractor shall be considered as time worked and paid accordingly.

K. Flagmen shall be entitled to adequate relief for the use of toilet facilities.

L. The Contractor shall be required to furnish goggles and/or hard hats where needed. When employees are required to work outside in the rain or snow, they shall be furnished
